

Dr. sci. ***Sanin Haverić***, naučni savjetnik, Univerzitet u Sarajevu – Institut za genetičko inženjerstvo i biotehnologiju, oblast: „Genetika“, predsjednik,

Dr. sci. ***Amela Pilav***, naučna saradnica, Univerzitet u Sarajevu – Institut za genetičko inženjerstvo i biotehnologiju, oblast: „Genetika“, članica i

Dr. sci. ***Jasmin Ramić***, naučni saradnik, Univerzitet u Sarajevu – Institut za genetičko inženjerstvo i biotehnologiju, oblast: „Genetika“, zamjenski član.

## ***VIJEĆU***

### **Univerzitet u Sarajevu - Instituta za genetičko inženjerstvo i biotehnologiju**

Odlukom Vijeća Univerzitet u Sarajevu - Instituta za genetičko inženjerstvo i biotehnologiju, broj 154-2/23 od 20. 04. 2023. a na osnovu člana 29. Zakona o naučnoistraživačkoj djelatnosti Kantona Sarajevo („Službene novine Kantona Sarajevo“, broj 26/16), imenovana je **Komisija za izbor u naučno zvanje „naučni saradnik“** za oblast „Genetika“, koju čine:

1. Dr. sci. ***Sanin Haverić***, naučni savjetnik, Univerzitet u Sarajevu – Institut za genetičko inženjerstvo i biotehnologiju, oblast: „Genetika“, predsjednik,
2. Dr. sci. ***Amela Pilav***, naučna saradnica, Univerzitet u Sarajevu – Institut za genetičko inženjerstvo i biotehnologiju, oblast: „Genetika“, članica,
3. Dr. sci. ***Jasmina Čakar***, naučna savjetnica, Univerzitet u Sarajevu – Institut za genetičko inženjerstvo i biotehnologiju, oblast: „Molekularna biologija“, članica i
4. Dr. sci. ***Jasmin Ramić***, naučni saradnik, Univerzitet u Sarajevu – Institut za genetičko inženjerstvo i biotehnologiju, oblast: „Genetika“, zamjenski član.

Nakon uvida u dostavljene materijale, Komisija konstatira da se na „Konkurs za izbor u naučno zvanje: **Naučni saradnik** za oblast **Genetika**“, objavljen 31. 03. 2023. na web stranici Univerziteta u Sarajevu i web stranici Univerzitet u Sarajevu – Instituta za genetičko inženjerstvo i biotehnologiju, prijavila jedna kandidatkinja - dr. sci. ***Mirela Džehverović***, koja je blagovremeno dostavila potpunu prijavu (Potvrda Sekretarijata Instituta br. 159/23 od 18. 04. 2023.).

U skladu sa članom 29. Zakona o naučnoistraživačkoj djelatnosti Kantona Sarajevo (Službene novine Kantona Sarajevo, br. 26/16), podnosimo sljedeći Izvještaj sa elaboracijom i ocjenom priložene dokumentacije.

# **IZVJEŠTAJ**

## **1. BIOGRAFSKI PODACI O KANDIDATU**

### ***Osnovni podaci***

Ime i prezime: **Mirela Džehverović**  
Mjesto rođenja: Sarajevo (Općina Centar), Bosna i Hercegovina  
Datum rođenja: 17. 02. 1974.  
Bračno stanje: Udata, majka jednog djeteta  
Adresa: Zmaja od Bosne 62, 71000 Sarajevo, Bosna i Hercegovina  
Mobitel: 061 065 447  
E-mail: mirela.dzehverovic@ingeb.unsa.ba

### ***Obrazovanje***

#### **Doktor bioloških nauka u oblasti genetike**

**2019-2022.** Univerzitet u Sarajevu – Prirodno-matematički fakultet

Naslov rada: *Genetička diferencijacija između srednjovjekovne i recentne humane populacije u BiH*

#### **Magistar biologije - genetika**

**2017-2018.** Univerzitet u Sarajevu – Prirodno-matematički fakultet

Naslov rada: *Analiza kratkih repetitivnih sekvenci humanih koštanih ostataka sa arheoloških lokaliteta Kopošići i Divičani*

#### **Bakalaureat/Bachelor biologije - genetika**

**2014-2017.** Univerzitet u Sarajevu – Prirodno-matematički fakultet

Naslov rada: *Analiza 13 polimorfizama asociranih sa razvojem pretilosti i fizičkom sposobnosti*

#### **Nastavnik biologije**

**2010.** Univerzitet u Sarajevu – Prirodno-matematički fakultet

#### **Srednja škola**

**1988-1992.** Srednja medicinska škola - pedijatrijska sestra

#### **Osnovna škola**

**1980-1988.** Osnovna škola Džavid Haverić, Sarajevo

### ***Radno iskustvo***

#### **Univerzitet u Sarajevu - Institut za genetičko inženjerstvo i biotehnologiju**

- Samostalni viši laborant, 2018 do danas,
- Viši laborant, 2008 - 2018.

#### **BIHAMK d.o.o.**

- Referent za aviosaobraćaj, IATA agent, 2003 - 2008.

#### **Univerzitet u Sarajevu – Prirodno-matematički fakultet**

- Laborant, 2001 – 2002.

Supplement: Procedures for the collection and labeling of biological traces meant for DNA analysis; In: Marjanović D, Primorac D, Dogan S. (Eds). Forensic genetics – theory and application. International Burch University, Sarajevo.

4. Marjanović D, Primorac D, Čakar J, Kovačević L, Hadžić N, **Džehverović M**, Pilav A. (2014). DNK tehnologije u forenzičkoj i sudskoj praksi; U: L. Kapur Pojskić, editor. *Uvod u genetičko inženjerstvo i biotehnologiju*, 2. izd. Institut za genetičko inženjerstvo i biotehnologiju, Sarajevo, Bosnia and Herzegovina.

### 3. OPIS NAUČNOISTRAŽIVAČKIH AKTIVNOSTI KANDIDATKINJE

Dr. **Mirela Džehverović** je u svom naučno-istraživačkom opusu dala zapažen doprinos razvoju moderne biološke nauke u BiH, naročito genetike na suvremenim osnovama, koristeći pri tome sofisticirane i veoma suptilne naučne i stručne metode. Posebno značajne rezultate ostvarila je u užoj oblasti DNK profiliranja humanih uzoraka primjenom savremenih molekularno-bioloških i forenzičko-genetičkih metoda i tehnika. Pored visoke fundamentalne vrijednosti, ostvareni rezultati imaju izuzetan aplikativni značaj u oblasti primjenjene genetike.

Učestvovala je u realizaciji osam naučnoistraživačkih projekata, studija i ekspertiza iz oblasti genetike, a trenutno je angažirana na dva naučnoistraživačka projekta u Univerzitet u Sarajevu - Institutu za genetičko inženjerstvo i biotehnologiju:

1. Genotipizacija lokalnih humanih populacija u Federaciji BiH, Federalno ministarstvo obrazovanja i nauke (2009);
2. Analiza učinkovitosti primjene DNK kratkih repetitivnih sekvenca u utvrđivanju srodstva među potomcima jednog roditaljskog para unutar izolovanih humanih populacija, Federalno ministarstvo obrazovanja i nauke (2010);
3. Analiza genetičkog diverziteta u izolovanoj humanoj populaciji Selške doline, Federalno ministarstvo obrazovanja i nauke (2014); Realizacija projekta u okviru naučne i tehnološke saradnje između Bosne i Hercegovine i Republike Slovenije, međunarodno učešće;
4. Ispitivanje genskih varijanti (polimorfizama) povezanih s odgovorom organizma na prehranu i tjelesnu aktivnost, Federalno ministarstvo obrazovanja i nauke (2014);
5. Komparativna analiza efikasnosti PP16 i PPFusin multipleks STR lokusa u procesu humane forenzičke individualizacije, Ministarstvo za obrazovanje, nauku i mlade Kantona Sarajevo (2016);
6. DNK tipizacija humanih arheoloških ostataka u BiH, Privatni finansijer (2016-2017);
7. Digitalna rekonstrukcija parcijalnih DNK profila humanih skeltnih ostataka, Federalno ministarstvo obrazovanja i nauke (2018);
8. Genetičke karakteristike stanovnika srednjovjekovne Bosne, Ministarstvo za obrazovanje, nauku i mlade Kantona Sarajevo (2019).
9. Lice srednjovjekovne Bosne – 3D rekonstrukcija na bazi genetičkih informacija iz arheoloških uzoraka. Ministarstvo za obrazovanje, nauku i mlade Kantona Sarajevo (od 2021. - aktuelni projekt);
10. Genetičke i druge biološke specifičnosti prahistorijskih populacija na bh.prostoru. Ministarstvo za obrazovanje, nauku i mlade Kantona Sarajevo (od 2022. - aktuelni projekt).

Publikovala je ukupno 24 naučna rada, od čega 21 u priznatim publikacijama koje se nalaze u relevantnim međunarodnim naučnim bazama podataka i 48 konferencijskih saopćenja na međunarodnim naučnim skupovima. Dr. *Mirela Džehverović* je također koautor recenzirane stručne knjige (laboratorijskog priručnika) kao i tri poglavlja u dvije recenzirane knjige, koje pripadaju naučno-stručnoj oblasti za koju se kandidat bira.

Vlastite naučnoistraživačke sposobnosti i kompetencije kandidatkinja kontinuirano usavršava učešćem u stručnim radionicama i treninzima te nesebično dijeli sa širom društvenom i stručnom zajednicom kroz aktivan angažman u radu Udruženja genetičara u Bosni i Hercegovini (GENuBiH). Učestvovala je u organizaciji četiri naučna skupa iz oblasti Genetike. Dr. *Mirela Džehverović* je dobitnica nagrade Univerziteta u Sarajevu za rezultate naučnog/umjetničkog rada u 2020. godini.

#### **4. PRIJEDLOG SA OBRAZLOŽENJEM**

Na osnovu izloženih činjenica i analize priložene dokumentacije o relevantnim pokazateljima naučnoistraživačkog i sveukupnog kredibiliteta prijavljene kandidatkinje, u skladu sa članom 29. Zakona o naučnoistraživačkoj djelatnosti Kantona Sarajevo (Službene novine Kantona Sarajevo, br. 26/16), Komisija jednoglasno zaključuje da dr. sci. *Mirela Džehverović* u potpunosti ispunjava sve propisane uvjete i odredbe člana 31. Zakona o naučnoistraživačkoj djelatnosti Kantona Sarajevo (Službene novine Kantona Sarajevo, br. 26/16) za izbor u zvanje naučnog saradnika za oblast „Genetika“.

Prijedlog koji slijedi, Komisija bazira na činjenici da dr. sci. *Mirela Džehverović* ima zvanje doktora bioloških nauka sa odbranjenom doktorskom disertacijom iz oblasti Genetike, sa prosječnom ocjenom 8,77 - na prvom ciklusu studija, 9,88 - na drugom ciklusu studija i 10,00 - na trećem ciklusu studija, publicirala je 21 naučni rad iz oblasti za koju se bira u priznatim publikacijama, koautor je laboratorijskog priručnika i tri poglavlja u knjigama te je pokazala naučnoistraživačke sposobnosti učešćem na međunarodnim konferencijama na kojima je prezentirala 48 naučnih saopćenja i učešćem u realizaciji 8 naučnoistraživačkih projekata.

Na temelju izloženih činjenica, ocjena i mišljenja te ostalih relevantnih kvaliteta kandidatkinje, a saglasno prethodnom zaključku, sa zadovoljstvom predlažemo kompetentnim organima da dr. *Mirelu Džehverović* izaberu u zvanje **naučnog saradnika** za oblast „Genetika“ u Univerzitet u Sarajevu - Institutu za genetičko inženjerstvo i biotehnologiju.

Sarajevo, 27. 04. 2023.

Komisija:

(Dr. sci. *Sanin Haverić*, naučni savjetnik)

(Dr. sci. *Amela Pilav*, naučna saradnica)

(Dr. sci. *Jasmin Ramić*, naučni saradnik)
